

Shop Genie — One■Pager

AI■powered retail analytics you can demo in under a minute.

Feature	Details
Instant KPIs	Revenue, units, margin, average price.
Visuals	Time series, region bar, product pie.
Advanced	Sales funnel, cohort heatmap, simple forecast.
Usability	CSV upload, filters, sortable table.
Deploy	Static Netlify site, no build.

How it works: Open the dashboard → Upload CSV → Filter and screenshot KPIs/charts → Share link.

Contact: Add your email/phone on the landing page lead form.
